The second and actual owner bought it in 2007 and used it since. Tiribón was used to sail all year around the Spanish coast and around the Balearics (Mallorca, Ibiza and Formentera) in summer. The antifouling of Tiribón was done yearly (last antifouling done end of may 2019) as well as the motor service in 2019 (the mechanics revised with change of oil, filters etc...) An expert survey project by naval engineer in 2008 was Performed and the last technical survey is valid until year 2023. For personal reasons, the owner is parting with her. He would like a smaller boat to navigate around the coast.
