Hard windscreen
Full canvas cockpit enclosure can fold away.

Aft Cabin

1 1/2 full-length bunk to starboard
Armchair
Vanity unit
Storage shelves and lockers.

Remarks :

This Toughts Cobra 33 is well presented to the market with recent interior works completed to bring the cabins up to standard. The hull was laid in 1972 and finished in the 1980s with only six years of use in the water before being laid up ashore for eighteen years prior to a change of ownership in 2012. Until October of 2020 Border Lady has been moored on the Thames. The marinized Perkins engines have reportedly only a few hundred hours of use and have been serviced, run-up, and sea trialed in February 2021. A recent 2020 survey is available on viewing.

This a well-built and thought out Tough brothers Gentleman's Cruiser and would be well suited to coastal trips, inland waterways or as a comfortable liveaboard.
