- **Heating:** yes

# Nicholson 32

## Broker Remarks

The Nicholson 32 was one of the first boats to be designed for GRP production. Originally designed in 1962 by Peter and Charles Nicholson of Camper & Nicholsons and upgraded through to mark XI. This is a Mark VIII model and is a fantastic value for money cruising yacht. The models seaworthiness and strength is renowned amongst sailors, with a long keel she provides excellent stability in the water.

This is a great example of a Nicholson 32 Mark VIII that has been well maintained and upgraded over the years. This is a 'go-anywhere' blue water cruiser that has lived up to the Nicholson 32's reputation as a solidly built, reliable cruising yacht. She has been tested in heavy seas and praised for her steadfast performance. 'Juliabet' has had an engine upgrade and now runs with a beta 25hp fitted in 2015. She has been antifouled and is ready to sail away this season.

'Juliabet' has a cosy and comfortable interior finished very nicely with wood and is fitted with an eberspacher heating system to keep you warm in cooler climates.

She is available to view 7 days a week. Please call Howard Ross on 07590847548 to arrange a viewing.

## Accommodation

5 berths in 2 cabins.

Eberspacher heating

Heads

Galley oven

Dry storage

# Mechanical and Rigging
