LM 27

Broker Remarks

The LM27 is a reliable and popular motor-sailer that allows you to sail when it suits you and to motor when wind and tide don't allow. The LM27 has excellent performance whether motoring or sailing and can keep you warm and dry inside its comfortable wheelhouse that gives excellent visibility on all sides. The raised pilot seat on the starboard side gives an excellent view for manoeuvring in close quarters. The LM27 was designed for ease of operation and is an easily handled boat.

'Freya Too' has been well cared for and maintained by its present owners and has been little used in the last ten years. The engine is not original and was installed in 2013 along with a new gearbox and in all has less than 100 hours of run time. The standing rigging and running rigging were both replaced in 2018 and are in good condition. The on-board accommodation is well laid out and comfortable providing 4-6 berths as well as a galley with a sink.

She is available to view 7 days a week. Please contact Douglas Ross on 07469972705 to arrange a viewing.

Accommodation

The LM 27 offers 6 berths in a saloon and a forward cabin. The saloon perimeter seating converts into two double beds and there is a folding table. There is ample storage space as well. The forward cabin has a V-berth and more storage space. There is a galley with a sink and a cooker.
