Broker Remarks

The legendary Vancouver 27 is a solidly built, capable cruising yacht with classic lines and a reputation for seaworthiness well beyond her size. Designed by Robert Harris and built by Northshore, the Vancouver 27 is highly regarded for safe comfortable offshore sailing and dependable long-distance cruising.

This example is a well-maintained and practical cruiser ideal for coastal adventures, channel crossings or extended liveaboard cruising. Her heavy displacement hull and cutter rig provide excellent stability and confidence in challenging conditions, while the warm teak interior offers surprising comfort and storage for a yacht of this size.

The Vancouver 27 remains one of the most respected small bluewater cruisers ever built. Equally suited to experienced sailors seeking a dependable passage-maker or newcomers wanting a forgiving and confidence-inspiring yacht.
