Introductory Offer Price - £71,900

The Jeanneau Cap Camarat 6.0 CC is a **brand new, versatile and stylish centre-console day boat**, combining excellent handling with a spacious and practical layout. At 5.94 metres overall, with a 2.32 metre beam and a maximum engine rating of 150HP, the 6.0 CC is designed to make the most of every inch of available space.

This 2027 model is particularly well specified, benefiting from the Premiere Trim Level, upgraded Garmin navigation, JL Audio sound system, white aluminium T-Top, Yamaha 150HP F150XCB, electric windlass, additional aft seating, front sundeck, cockpit table, freshwater system with cockpit shower and marine toilet.

The Premiere Trim Level enhances the boat's comfort and practicality, adding cushions and seating throughout the cockpit, together with additional cup and

rod holders. The spacious aft cockpit is further improved by the optional side seating

boxes and cushions, while the forward cockpit can be transformed into a large sunbathing area with the optional front sundeck.

At the helm, the Garmin ECHOMAP 92sv touchscreen display with GT23M-TM transducer provides an excellent navigation and information platform, complemented by the JL Audio A60 sound system. A white aluminium T-Top with soft top provides shade around the helm, while the ski mast, additional swimming platforms and cockpit table add further versatility.

Powered by a Yamaha 150HP F150XCB with hydraulic steering and Shift-by-Wire controls, this Cap Camarat 6.0 CC is an exceptionally well-equipped example, equally suited to family days out, coastal cruising, fishing, swimming and watersports.
