- **Horsepower:** 40
- **Drive Type:** Shaft drive

Jeanneau Sun Odyssey

Broker Remarks

This Jeanneau Sun Odyssey 39i is a rare model as she is a privately owned from new, three cabin layout model. The owner of this vessel bought her new in 2006 and has maintained her to a high standard, she was specified well from the factory and has the benefit of having three double cabins onboard as well as a convertible saloon double berth. The Sun odyssey 39i is a fantastic sailing yacht she is well balanced due to her sail plan and the deep fin keel, this example also benefits from having a three blade varifold propellor reducing drag when under sail. The boat can be sailed short-handed as all lines lead aft to the cockpit and the primary winches are just in front of the twin wheels making life easy for a helmsman to tack and trim the Genoa. The boat has been professionally prepared for the 2025 season and is currently out on the hard standing.
