Hunter Legend 326

Broker Remarks

The Hunter Legend 326 is a popular cruising yacht, offering a great balance of performance, comfort, and ease of handling. Built in 2003 by Luhrs Marine Limited and designed by Glenn Henderson, this example is well-equipped and ready for use.

Her B&R rig with double spreaders and stainless steel mast struts provides a stable, easily managed sail plan, complemented by slab reefing, Furlex headsail furling, and a useful selection of downwind sails. Standing rigging was replaced in 2017.

The spacious cockpit features wheel steering and the signature stainless steel stern arch with mainsheet traveller, while an electric windlass and Delta anchor make anchoring simple.

Below deck, she offers comfortable accommodation for up to seven, with a large aft cabin, practical galley, and warm teak interior throughout.

Powered by a reliable Yanmar diesel engine and equipped with heating, hot water, and a full Raymarine navigation suite, she represents a well-rounded and capable cruising yacht.

Accommodation

Sleeps 7 in two cabins and the saloon
