Pioneer 15 Allround

Broker Remarks

Pioneer boats are designed and built in Norway. Renowned for their safety, stability, long life, and minimal maintenance, this Pioneer Allround 15 makes a perfect summer boat for families and beginners who want to go on day trips and fishing excursions or for those looking for a hard working craft, perfectly suited for both inshore and coastal waters.

Made from polyethylene which is a highly robust material with added UV stabilisers, Pioneer boats are moulded in one piece and can withstand shocks, impacts, large temperature fluctuations, and strong sunlight.

The vessel is well known to us and is currently in our secure storage facility at Salcombe.

Construction & Engine

Made from polyethylene which is a highly robust material with added UV stabilisers, Pioneer boats are moulded in one piece and can withstand shocks, impacts, large temperature fluctuations, and strong sunlight.

This 15 Allround has been highly specified from new and includes almost every option available at the time with the added benefit of a new Honda BF 30 outboard engine (fitted in 2023) which has approximately 10 hours of use and just had its first year service carried out.

The Honda BF30 is a superb high torque three cylinder, four stroke engine delivering power smoothly and quietly when cruising. With an electric start and automatic choke, it's an easy starting engine from cold and includes a high output charging coil to maintain a healthy battery level and to support other onboard electronics. It also features power trim and tilt for complete ease of use. The new owner will receive the remainder of the 6 year Honda warranty.

Boat Specification :

- Boat finished in dark grey
- Dark grey console with windscreen and surrounding rail
- Cushion set with back support
- Fore and stern rails
- Stern navigation pole light
- Boarding ladder
- Cover for console
- 20-litre fuel tank
- Electric automatic bilge pump
