Knysna 500 SE

Broker Remarks

Impulse 1 is a 2016 Knysna 500SE — a South African-built performance catamaran designed by Angelo Lavranos and offered for sale in very good overall condition. Built to the 500SE specification with an Owner Version layout, she has been exclusively owner-operated, used lightly each summer since 2020, and kept in dry storage over every winter — an ownership pattern that is reflected in the quality of her present condition.

The Knysna 500SE is a thoroughbred cruiser-racer in catamaran form: a long waterline, an efficient rig, and a hull form that rewards the active sailor while remaining comfortable on passage. Impulse 1 has been extensively upgraded in recent years, with a complete NorthSails Norlam sail wardrobe fitted in 2024, a new Profurl NDE2 electric genoa furler in 2025, a Kohler 7kW generator, a 760Ah Mastervolt house bank supported by dual high-output alternators, a 100-litre-per-hour watermaker, and a full Garmin electronics suite. She is ready for extended blue-water passages or extended Mediterranean cruising with very little to do.

Highlights Listed below but included in Full Specs:

- 2016 Knysna 500SE — Owner Version layout, three en-suite cabins
- Owner-operated from new; dry storage every winter since 2020
- NorthSails Norlam Xi11/09 square-top mainsail and genoa (2024)
- Profurl NDE2 C420 electric genoa furler (2025)
- Harken 12V electric primary and secondary winches
- Kohler 7kW diesel generator
- 760Ah Mastervolt house bank with dual high-output alternators
- Garmin 8015 15-inch chartplotter, GMR 24HD radar, AIS 600
- Schenker Modular 100 watermaker — 100 litres per hour
- 2 x Climma 16,000 BTU reverse-cycle air conditioning units
- Iridium GO! satellite communications
- Infanta 3.6m semi-rigid tender with 20hp Mercury outboard
- SA VAT paid; current Greek cruising permit
- Jersey flag registration

BROKER'S REMARKS

Impulse 1 is a well-found performance catamaran that will appeal to a buyer who wants a capable, well-equipped bluewater yacht without a programme of work ahead of them. The Knysna 500SE is a respected design from the drawing office of Angelo Lavranos — a fractional sloop rig on a light, stiff hull form that gives genuine sailing performance without sacrificing the comfort that makes extended cruising enjoyable.

The ownership history speaks for itself: one careful owner from new, limited to three months of use each summer, with dry storage every winter. The evidence of this care is visible in the condition of the deck hardware, the quality of the canvas, and the freshness of the 2024 sail wardrobe. The new Profurl electric furler in 2025 rounds out a rig that is straightforward to manage short-handed.

Below, the Owner Version layout provides three en-suite cabins — a practical arrangement for a couple using the yacht as their own, with the flexibility to accommodate guests in genuine comfort. The twin Climma air conditioning units, the Kohler generator, and the comprehensive Garmin electronics suite mean that Impulse 1 is as well-equipped as any catamaran of her size in the Ionian. For the prospective buyer looking for a capable, thoroughly upgraded performance catamaran based in Preveza, she merits an early inspection.

Network Yacht Brokers Lefkas are pleased to

assist you in the purchase of this vessel. This boat is centrally listed by Just Catamarans.

Accommodation

Impulse 1 is fitted in the Owner Version layout, which provides three en-suite cabins with private heads in each. The interior is finished in light wood with custom soft furnishings — a warm and practical environment suited to extended passages or extended stays at anchor. The twin Climma air conditioning units provide effective climate control throughout.

LAYOUT

The Owner Version layout provides three en-suite double cabins, each with its own heads compartment. Full layout details — including saloon configuration, navigation station position, and galley arrangement — to be confirmed from builder's documentation and vessel inspection.

DOMESTIC

The galley is fitted with an AEG C6043G-M 4-burner hob, a 65-litre Eurogas FOG31IX oven, a Samsung 28-litre microwave, and a Samsung washing machine. Refrigeration is provided by an Isotherm CR200 200-litre combined fridge/freezer, an Isotherm CRF90F 90-litre freezer, and a Waeco cockpit refrigerator. An U-Line SS98 ice maker is fitted. Pressurised hot and cold water is supplied throughout. Reverse-cycle climate control is provided by 2 x Climma 16,000 BTU units. Entertainment includes a Samsung 40-inch LED television and a Fusion 750AV stereo system.

Mechanical and Rigging

CONSTRUCTION

- Builder: Knysna Yachts, South Africa
- Designer: Angelo Lavranos
- Year: 2016
- Hull material: GRP (fibreglass)
- Hull type: Catamaran
- Hull colour: White
