BROKER'S REMARKS

Pegasus is an appealing cruising yacht that offers an excellent balance of comfort, space and ease of ownership. The Oceanis 43 design has proven extremely popular with cruising sailors thanks to its generous interior, practical cockpit layout and manageable sailing

characteristics, making it a very versatile yacht in this size range.

The three-cabin layout provides comfortable accommodation for family cruising or trips away with friends, while the spacious cockpit creates an ideal area for relaxing or dining at anchor. Equipment

such as bow thruster, autopilot and cockpit navigation controls also make the yacht straightforward to handle when under way or manoeuvring in harbour.

Importantly, Pegasus benefits from new standing rigging and recent sails, and she appears to have been carefully maintained throughout her ownership. With EU VAT paid and a well-equipped cruising specification already in place, she presents a straightforward and attractive option for buyers seeking a well-prepared yacht ready for enjoyable island-hopping and relaxed time on the water.
