DESCRIPTION

This Canadian-registered steel tug boat yacht, launched in August 2010, is a rare and rugged blend of commercial-grade build quality and cruising comfort. With its full-displacement hull and robust structure, this vessel was designed to perform reliably in a wide range of sea conditions. Built to commercial specifications by the renowned Lunenburg Foundry in Nova Scotia, this vessel combines maritime heritage with modern utility.

Currently located in Greece, this 42 motor boat boasts thick steel plating throughout, watertight integrity, wide walk-around decks, a walk-in engine room, and luxurious 6'4" headroom in the main living areas. The vessel is powered by a Gardner 5LW engine, legendary for its efficiency and longevity, paired with high-grade components throughout. With a beautifully crafted cherry wood interior and practical touches like dual air conditioning units, full galley, and twin electric heads, this tug boat offers a highly liveable layout ideal for extended cruising, liveaboard comfort, or unique expedition-style travel.

HIGHLIGHTS

Highlights Listed below but included in Full Specs:

- Steel hull and superstructure with all-welded stainless railings
- Gardner 5LW 78hp engine with commercial-spec drive components
- Full walk-in engine room and three watertight bulkheads
- 2000W inverter and Westerbeke 5.5kW generator
- Webasto air conditioning units (x2) with separate controls
- Two heads with one separate marble-seated shower room
- Cherry interior and birch flooring throughout
- Nova Cool fridge/freezer and Force 10 propane stove/oven
- Ideal 2000W windlass with dual anchor systems
- Spacious pilot house with 3/4" tempered glass and storm protection

REMARKS

This one-of-a-kind steel tug boat yacht is an exceptional opportunity for those who value timeless construction and unmatched dependability. With a highly practical layout, quality equipment, and tough-as-nails construction, this vessel is equally at home navigating inland waterways, coastal passages, or international cruising grounds. Meticulously designed for safety, comfort, and ease of operation, she also offers charm and character rarely found in production yachts. Whether your ambitions include liveaboard life, distance cruising, or a unique classic-style yacht with true seaworthiness, this vessel delivers in full.

Full Specification

CONSTRUCTION

- 3/16 steel plating over 1/4 x 3 and 4 transverse frames on common centres
- Longitudinal framing supports hull and machinery
- 3/16 steel plate on deck and front of pilot house
- 10-gauge superstructure
- Schedule 80 half-pipe guard rails
- Aluminium mast and boom with folding capability for bridge clearance
- All steel sand-blasted inside and out
- Epoxy painted hull and superstructure (10 mil, two-part epoxy)
- Antifouling reapplied (2012 and 2017), guaranteed for 3 years

DIMENSIONS

- LOA: 12.80 m (42 0)
- Beam: 4.11 m (13 6)
- Draft: 1.37 m (4 6)
- NRT: 16.89

MECHANICAL

- Propeller: 4-blade bronze Bluenose 28 x 22
- Propeller shaft: Stainless steel 2
- Rudder post: Stainless steel 1 with thrust bearing
- Dual Racor fuel filters
- Two brass water strainers with stainless steel ball valves
- Transmission: PRN 1.96:1
- Hydraulic steering with 26 wooden spoked helm wheel
- Electric autopilot wiring in place
- Three Rule 2000 bilge pumps with auto/manual switches

PERFORMANCE

- Efficient cruising with full-displacement hull
- Reliable and economical performance from Gardner engine
- Designed for endurance and seakeeping in a wide range of conditions

TANKAGE
