LAGOON 440

Broker Remarks

The Lagoon 440 seamlessly blends innovation and luxury. Its upper deck command post offers a stunning 360° view, and steering downwind feels like flying a fighter jet. Inside, the Lagoon 440 rivals a 5-star hotel with its opulent furnishings and modern amenities, ensuring maximum comfort and luxury. The exterior is equally impressive, providing luxurious deck spaces for lounging or dining. Fully equipped for enjoyable navigation, the Lagoon 440 is ideal for those seeking both adventure and relaxation on the water.

The engines were replaced in 2017 and are serviced every 200 hours of engine operation. The owner is a charter company with its own mechanic, who performs the servicing in-house. The yacht currently has 1,500 hours of engine time.

It features electronic controls and a double-bow thruster. It is registered under List 2a under the Spanish Flag, requiring an annual mandatory Spanish inspection. The yacht is very well-equipped; it appears to be one of the most well-equipped catamarans on the market from 2006.

The current owner purchased the yacht in 2015. It has been used for charter, but as they have purchased a larger boat for their business, they no longer need it.

The company owns this catamaran, so VAT has not been paid. However, when sold to a private buyer, the yacht will be sold with an invoice including VAT.

El Lagoon 440 combina perfectamente innovación y lujo. Su puesto de mando en la cubierta superior ofrece una vista impresionante de 360°, y al navegar a favor del viento, la sensación es similar a la de pilotar un avión de combate. En el interior, el Lagoon 440 rivaliza con un hotel de 5 estrellas gracias a su mobiliario opulento y comodidades modernas, garantizando el máximo confort. El exterior es igualmente impresionante, con espacios en la cubierta perfectos para relajarse o cenar. Totalmente equipado para una navegación placentera, el Lagoon 440 es ideal para quienes buscan tanto aventura como relajación en el agua.

Los motores fueron reemplazados en **2017** y se les realiza el mantenimiento **cada 200 horas de motor**. El propietario es una **empresa de charter** que cuenta con su propio mecánico, y ellos mismos **realizan el mantenimiento**.
