Fountaine Pajot Lucia 40

Broker Remarks

Fountaine Pajot Lucia 40 (2017) – Owner's Version - Fully Equipped Bluewater Cruising Catamaran

This Fountaine Pajot Lucia 40 (2017) is a rare owner's version (3-cabin layout), carefully maintained and thoughtfully upgraded for comfortable long-term cruising and liveaboard use.

Unlike many vessels on the market, she is not an ex-charter boat and presents in very good overall condition, with an inventory designed for autonomy, safety, and ease of handling.

Keys Highlights

Owner's Version (3-cabin layout) – full owner hull, ideal for comfortable liveaboard use Fully equipped for cruising – watermaker, radar, AIS, Iridium GO High energy autonomy – approx. 700W solar + Victron inverter/charger system Heating system – a rare feature in this size range, allowing year-round use Extensively maintained and continuously upgraded Available immediately in Barcelona This 2017 Fountaine Pajot Lucia 40 offers an excellent balance of performance, comfort, and independence,

making her ideal for private cruising or extended liveaboard use.

British-flagged and presented in the popular 3-cabin owner's layout, she has been consistently maintained and recently received new antifouling in 2026.

Built in moulded fibre-reinforced plastic, the Lucia 40 is known for her solid construction, generous beam, and efficient sailing characteristics.

Deck & Exterior

On deck, the yacht is designed for relaxed Mediterranean cruising and outdoor living:

- Fully enclosed cockpit
- Bimini over helm station
- Cockpit cushions and dining area
- Forward sunbathing areas with sun pads
- Flexiteek cockpit decking
- Cockpit showers
- BBQ area

The layout offers excellent circulation and comfortable social spaces both at anchor and underway.

Available now for viewing in Barcelona.

Accommodation

Designed with long-term living in mind rather than occasional holidays, this Lucia 40 offers a level of comfort rarely found in this size range. The saloon is both inviting and practical, seamlessly connected to a fully equipped galley, making onboard life easy whether at anchor or underway.

Overall, the yacht provides an excellent balance of practicality, comfort, and liveability, making her ideal for extended cruising or full-time living aboard.

The galley is thoughtfully arranged and includes:

- Gas cooker with three burners, oven and grill
- Dual sinks (fresh and seawater)
- Two refrigerators and a freezer with an icebox
- Generous storage and preparation space

Additional onboard comforts enhance the liveaboard experience:

- Diesel heating system for year-round cruising
- Washing machine onboard (a rare feature in this category)
- Hot water system
- TV for onboard entertainment
- electric flush toilet

The cockpit extends the living space outdoors, offering a generous and comfortable area for dining and socialising, perfectly suited to Mediterranean cruising and life at anchor.

Mechanical and Rigging

She is powered by **twin Volvo Penta D1-30F diesel engines** with sail drives and folding three-blade bronze propellers, delivering a cruising speed of approximately **6 knots and a maximum speed of 7.5 knots**. The engines have accumulated **1,267 hours** and are supported by a well-specified electrical system, including **7 solar panels, a Victron inverter and charger, a portable Honda generator**, and ample battery capacity, ensuring a high level of energy independence.

Electrics

6 × 110Ah Fullriver AGM service batteries
2 × AGM starter batteries
2 engine alternators (110 A)
Victron Energy Quattro 12/3000/120 (12V system, 3000VA inverter, 120A charger)
Portable generator 1.5 KW honda
7 × 100W panels

Equipped with a Victron Quattro 12/3000/120 inverter/charger and a substantial AGM service bank (6 × 110Ah), supported by approx. 700 W of solar panels, providing robust autonomy for extended cruising.

Navigation and electronics are comprehensive, including all Garmin **GPS, plotter, radar, AIS transceiver, autopilot, wind instruments, echo sounder, VHF (1 fixed and 2 handheld)**, and **Iridium GO satellite communication**, making her well-prepared for coastal and offshore passages.

Additional equipment includes **an electric windlass with remote control, 1 Rocna anchor and 1 Kedge with a 50 m chain, replaced in 2023. A Highfield dinghy with a Suzuki 15 HP outboard, davits**, extensive safety equipment including an **OceanX8 liferaft**, and a wide range of water toys.

Water System: Pressurised, hose seawater at the bow to clean the anchor, **Water maker – AQUA BASE ESW 60l/h**, Heat exchanger located close to water maker, can be run with engine, batteries or shore power

Rig and Spars: Standing rigging original. Some halyards and sheets have been replaced

Winches: 1 electric winch (mainsail)

SAILS: GENOA (original), Fully batten mainsail square top (original), 2 asymmetric sails (one from 2025), Spare jib
