Bali 4.6 OPEN SPACE

Broker Remarks

The BALI 4.6, with its elegant lines, stands apart from its peers with the Openspace concept.
The transition from the saloon to the cockpit area highlights where BALI distinguishes itself from its competitors. The "BALI door" and large openings that allow plenty of light in with natural ventilation are the very definition of the Openspace concept.
The BALI 4.6 offers delightful seating areas where well-being and comfort are prioritized. The Bali 4.6 owners version you are viewing is equipped with extras such as the optional 57 Hp Yanmar engine, air conditioning, heating, radar, AIS, Raymarine electronic package, camera system, and is a catamaran from our portfolio that is ready for sailing, directly from its first owner.
