Custom Built 31 m Bodrum Gulet

Broker Remarks

This beautifully crafted 32m Bodrum gulet, built in 2009, represents the finest example of traditional Turkish wooden yacht construction combined with modern comfort. Designed for luxurious cruising, she offers a spacious aft deck with a large dining area, comfortable seating and an integrated bar. Her expansive fore deck and cabin-top sunbathing areas create the ideal outdoor living experience. The interior features a generous saloon with dining space, lounge seating and LED TV, as well as three well-appointed en-suite cabins including a full-beam master. Powered by twin 330 HP Iveco engines and equipped with dual 33 kW generators, Simrad navigation and 2×220 L/h watermakers, she is fully prepared for extended voyages. Perfect for private ownership or boutique charter operations, this gulet is maintained in excellent condition and ready for the 2025 season.

Accommodation

This 32m luxury Bodrum gulet offers accommodation for up to 10 guests in five comfortable en-suite cabins: one full-beam master, two double cabins and two twin cabins. Each cabin is equipped with its own private shower and WC, air conditioning, ample storage and elegant wooden finishes. The spacious saloon features a dining area, lounge seating and LED TV, creating a warm and inviting interior living space. Crew accommodation for four is located separately in the forward section, ensuring complete privacy for guests. The yacht is also equipped with hot and cold water systems, a fully appointed galley beneath the saloon and generous outdoor areas for dining, relaxing and sunbathing.

Mechanical and Rigging

Powered by twin 330 HP Iveco engines, this gulet offers reliable cruising performance with an 11-knot cruising speed and a top speed of 12.5 knots. She is equipped with shaft drive propulsion, dual 33 kW generators and Simrad navigational systems. The vessel carries 6,000 litres of fuel, supported by two 220 L/h watermakers for extended autonomy. Traditional ketch rig configuration and wheel steering provide excellent handling and balanced sailing performance. Engine room is well-insulated and arranged for ease of access and maintenance.
