

Custom Built OCEANHOUSE 59

YEAR 1994 | €160500 | VAT PAID | MUGLA OFFICE

Summary

Manufacturer: Custom Built

Price: €160500

Location: Mugla

Year: 1994

ID no.: 8074

DIMENSIONS

- **LOA:** 58' 5" (17.80m)
- **Beam:** 16' 5" (5.00m)
- **Draft:** 7' 10" (2.4m)
- **Keel:** Long keel

ACCOMMODATION

- **Berths:** 8
- **Cabins:** 6
- **Heads:** 3
- **Showers:** 3

PERFORMANCE

- **Top Speed:** 9
- **Cruising Speed:** 7

TANKAGE

- **Fuel:** Diesel
- **Fuel Tank Size:** 1800 Litres
- **Water Tank Size:** 1500 Litres

MACHINERY

- **Engine Make:** Gardner
- **Horsepower:** 150
- **Drive Type:** Shaft drive

OTHERS

- **Aircon:** Yes
- **Heating:** Yes

Custom Built OCEANHOUSE 59

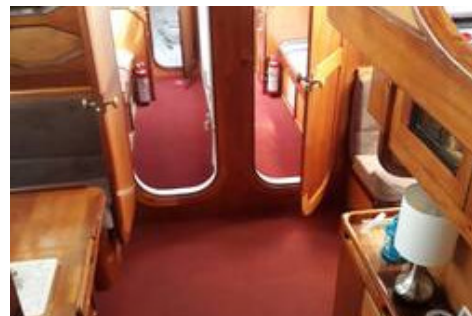

Broker Remarks

Oceanhouse 59 Pilothouse is a serious bluewater cruising yacht designed for long-distance ocean sailing and liveaboard comfort. Built in Australia in 1994 to high commercial survey standards, this steel expedition yacht has proven her capability with extensive offshore voyages including multiple circumnavigations and passages through the Pacific, Arctic regions and Atlantic routes.

Designed by Pugh-Evans, the yacht features a robust steel hull with six watertight compartments providing exceptional safety for ocean passages. The pilothouse layout allows the vessel to be comfortably operated by a single person from both the cockpit and the interior helm station.

Powered by a highly respected Gardner 150HP marine diesel engine and supported by extensive onboard systems including watermaker, generator, solar panels and advanced navigation electronics, the yacht offers excellent autonomy for long offshore passages.

Accommodation includes three cabins, three bathrooms, two spacious saloons and a large cockpit area designed for extended cruising comfort. The vessel is

also equipped with a workshop, large storage spaces and professional-grade refrigeration systems, making her ideal for long-range expeditions.

This Oceanhouse 59 represents a rare opportunity to acquire a proven steel bluewater cruiser capable of serious offshore exploration.

Accommodation

The Oceanhouse 59 Pilothouse offers comfortable long-range accommodation designed for extended ocean cruising and liveaboard use. The yacht features three main cabins including two forward master cabins and a spacious aft cabin, together with a separate crew cabin.

In total the yacht can accommodate up to eight guests. The layout also includes two spacious saloons and a large cockpit area which can be enclosed and used as an additional living or sleeping space during long voyages.

There are three bathrooms with electric toilets and showers. The yacht is equipped with a chilled water air conditioning system with fan coil units in the cabins providing comfort in warm climates, while the insulated steel hull helps maintain warmth in colder regions.

The interior is finished with high-quality hardwood including Burmese teak and Pacific cedar, creating a warm and practical living space suitable for serious offshore cruising.

Mechanical and Rigging

Gardner 150HP marine diesel engine with approximately 2000 engine hours. Shaft drive propulsion system with hydraulic steering from both cockpit and pilothouse helm station. Large fuel capacity of 1800 litres providing an estimated range of up to 1800 nautical miles under engine power. Cutter rig sailing configuration with mainsail, genoa and staysail, supported by hydraulic winches and furling systems designed for short-handed offshore sailing.

Navigation Equipment

Radar

2 x GPS

2 x Chart Plotter

3 x Autopilot (Garmin Ocean Course 880 and Ocean Course 550 – 2020)

Depth, wind and speed instruments

Weatherfax system

VHF radio

SSB long range HF radio

Iridium satellite communication system

Electronic navigation charts and onboard computer system

Electrical Systems

12 kW Westerbeke generator (Isuzu engine)

Solar panels – 4 x 250W (1000W total)

Victron Phoenix inverter 2000W 24V

Additional 1600W inverter system

220V / 24V rectifier – 100 Amp

LED lighting throughout

Hydraulic pump systems

Hot water system

Domestic Equipment

Large galley with electric and gas cooker

Electric oven and microwave

Dishwasher

Washing machine

Large refrigeration and freezer systems for long voyages

Wine cooler

Additional refrigerator and freezer units

Air conditioning system – 60,000 BTU chilled water system

Watermaker – 300 L/hour

Fresh water purification system

UV sterilisation water treatment system

Rainwater collection and filtration system

Deck Equipment

Hydraulic windlass

130 m anchor chain

Multiple anchors including Ultra and CQR

Bow thruster (hydraulic water jet system)

Bimini and cockpit covers

Passerelle

Swimming ladder

Inflatable tender with 6 hp Suzuki outboard

Deck shower

BBQ

Safety Equipment

6 watertight compartments

EPIRB emergency beacon

Life rafts (8 person)

Fire detection and alarm systems

Firefighting system with seawater pump

Bilge pump systems (multiple)

Safety equipment for offshore passages
