Few catamarans command attention quite like the Samana 59. At 18.71 metres, this 2020 example represents Fountain Pajot at the height of their craft a blue-water cruiser built for owners who refuse to compromise between passage-making performance and resort-level comfort.

Twin Volvo D3 inboard engines delivering 150hp each push her to a hull speed of 12 knots, while her sail drive configuration and shallow 1.65m draft open up anchorages that deeper-drafted vessels can only admire from a distance. The fiberglass hull is engineered for stability and longevity, and her cruising range of 900km makes extended offshore passages genuinely achievable.

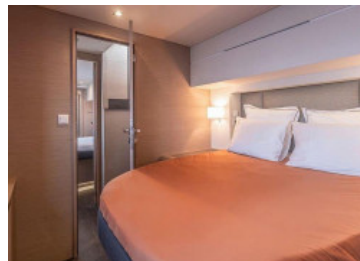

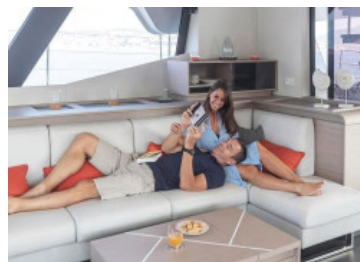

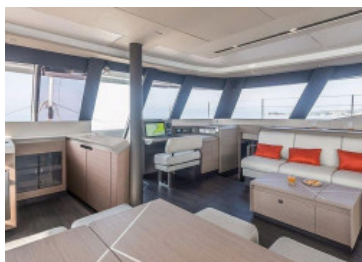

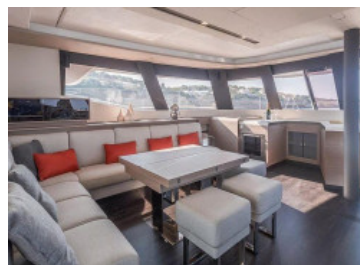

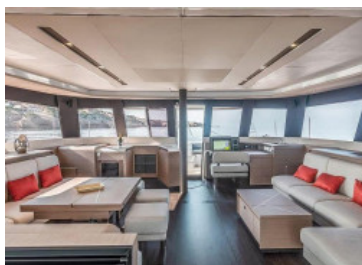

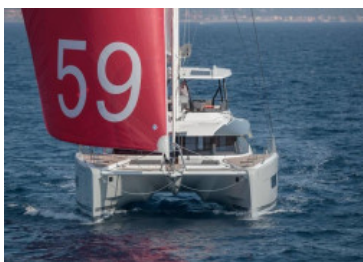

Below decks, five guest cabins and a dedicated crew cabin served by five heads and a crew head - make her a serious charter income opportunity as much as a private blue water home. This is a boat you live aboard, not merely sleep aboard.
