***** NEW BOAT *****

***** FULL WARRANTY - 7 YEAR STRUCTURAL - 3 YEAR GENERAL - 2 YEAR ENGINE *****

**** Part exchange considered ****

This brand new NC 37 features comes fitted with the favoured large Volvo 270hp engine option, offering no compromise on performance, specification and refinement aboard.

Jeanneau's seaworthy qualities and an excellent hull design by Michael Peters, guaranteeing reliable handling and seakeeping. The NC 37 is very open to the exterior and designed for smooth, comfortable cruising with one level for easy access. You will cruise in complete safety, due to recessed side-decks, a side access to the helm for greater ease in making manoeuvres, and a lateral door in the coaming to facilitate access on board.

This stunning 2023 model is available to view with us in Chichester and has a very high specification, featuring electric sliding roof, bow thruster, teak on the cockpit/stern, twin Volvo Penta 270hp, full cockpit enclosure, cockpit bar and many more extras!

The Volvo engines (twin 270hp) are much sought after as the smaller Volvo's come with a weight restriction on the boat in terms of how many options can be fitted and the engines themselves have to work significantly harder when cruising. In the past 12 months we have also seen a number of boats being fitted with alternatives due to Volvo Penta being in high demand and facing supply chain issues which is still ongoing and our boat order was delayed in order for us to achieve the preferred engine

This particular example is afloat with us in Chichester Marina and can be viewed at a moments notice. She can be commissioned and made ready for the beginning of Spring!

The specification of this boat is for this exact example. Further custom options can be added by local professionals to create your dream boat!
