Remarks :

The Cobra Nautique 8.6 is a versatile and stylish 8.6-meter rigid inflatable boat (RIB) designed for both family outings and high-performance activities. Manufactured in Britain, it is renowned for its exceptional build quality and ability to handle rough waters while providing a dry and comfortable ride. Those that have had the pleasure of stepping behind the helm of one of these will know just how capable they really are.

'Storm Trooper' is a stunning and very well presented example of one of Cobra's flagship models. Fitted with a Mercury Verado 275 hp outboard she also benefits from a host of recent upgrades such as Raymarine plotter, icom VHF, Fusion stereo, bespoke flexi-teak decking, new upholstery supplied from Cobra and comes complete with road trailer.

Expertly maintained and ready to go this season, early viewing is recommended as this example won't be around for long.
