

Jeanneau Sun Odyssey 410

Year:	2021	Heads:	1
Location:	Chichester	Cabins:	3
LOA:	41' 0" (12.50m)	Berths:	3
LWL:		Displacement:	
Ballast:		Colour:	White
Designer:			
Beam:	13' 0" (3.96m)	Keel:	Lifting Keel
Draft:	4.6' 0" (1.4m)	Engines:	1

Remarks:

Having sold her to her first and current owner she has been extremely lightly used in and around the Solent and has been kept in Chichester Marina since her arrival from the factory. She presents in fantastic condition. Do not miss out on this opportunity to purchase a very highly spec'd Jeanneau Odyssey 410 at a price that offers a significant saving compared to a brand new equivalently spec'd example.

£239,950 Tax Paid

Remarks :

'Moana Blu' is a lovely example of this very highly spec'd Jeanneau Sun Odyssey 410. She comes equipped with the upgraded hydraulically lifting keel as well as many other optional extras such as Webasto diesel heating, electric folding down swim platform, retractable bow thruster, in-mast furling, teak cockpit floor, Raymarine quantum 18inch radar and AIS transponder, marine 4G router as well many other options.

Having sold her to her first and current owner she has been extremely lightly used in and around the Solent and has been kept in Chichester Marina since her arrival from the factory. She presents in fantastic condition.

Do not miss out on this opportunity to purchase a very highly spec'd Jeanneau Odyssey 410 at a price that offers a significant saving compared to a brand new equivalently spec'd example.

The Jeanneau Sun Odyssey 410 is designed by naval architects Philippe Briand and Marc Lombard, with contributing designer Jean-Marc Piaton, to revolutionise performance and comfort in its category. This model is particularly secure, featuring side decks without obstacles and comfortable coamings; while centralised winches, which can be controlled directly from the cockpit, also contribute to safety on board. The Jeanneau Sun Odyssey 410 also benefits from all the latest advances in technology combined with features such as:

- A hard chine running the full length of the hull for a more powerful and stable hull
- An inverted bow for fine entry, better weight distribution and a distinctive look
- A bow that stands clear of the water for less drag and greater speed
- Self-aligning rudders with self-aligning bearings for an improved feel on the helm
- A powerful retractable bow thruster for greater manoeuvrability
- Cathedral standing rigging with walk around decks for ease of movement
- An integrated bowsprit
- Lower boom to facilitate access and increase sail area
- Yanmar new generation JH-Common Rail Series 45HP engine
- In mast furling main sail
