Accommodation

Remarks :

The Boston Whaler 22 Dauntless is a first-class watersports towboat, as well as an excellent fishing platform. Her 225hp engine gives great performance and is only 4 years old with a year of warranty left. The Dauntless is a fast boat with a very stable deep v hull. She has plenty of storage throughout and a separate heads cabin. She has a large 340L fuel tank which allows for long days out on the water.

'Second Chance' is in very good condition with excellent navigation electronics, a DSC VHF radio , a Fusion sound system. and full navigation lights.

She comes with a fully road worthy twin axel trailer

She is afloat in Lymington and can be viewed seven days a week

Please call Howard Ross on 07590 847548 for more information and to arrange a viewing.
