Accommodation

The Sealine SC29 sleeps up to 6. The aft owners cabin is spacious with direct access to the heads compartment. The saloon dining table converts to a large double berth as does the cockpit settee. The galley is well laid out with a fridge, oven with two burners. There is plenty of storage throughout the boat. The saloon is very light and airy and the cockpit area benefits from the fully retractable roof. 'Scotch Mist' comes with a hot air heating system and fully pressurized hot and cold water in the galley, heads and transom shower head.

Remarks :

'Scotch Mist' is a beautiful example of the stylish and innovative Sealine SC29 sports cruiser. She provides fast, exciting performance, with superior safety and handling. Her twin Volvo engines have been regularly serviced and with 320hp she is quick and sporty. Her bow thruster makes for easy handling in marinas.

Sealine has a reputation for high build quality and luxurious finish. The interior of Scotch Mist is in very good condition throughout. She is bright and airy and has all the comforts, like heating, hot water and a full galley that allows for comfortable days out and extended cruises. A very special feature is the fully retractable roof. When the weather permits she can be run fully open or can be closed giving a warm dry cockpit.

This is a well-maintained Sealine SC29 offering a perfect combination of elegance, comfort and speed.

She can be viewed 7 days a week afloat in Lymington.
