Remarks :

The Lagoon 52 F is a catamaran sailboat manufactured by the French company Lagoon. It is 52 feet in length and features four double cabins, each with its own private bathroom, as well as a crew cabin. The interior is designed with a spacious and modern layout, and the boat is equipped with a variety of amenities such as air conditioning, a generator, and a water maker. The deck is designed for easy movement and features a large cockpit and a flybridge for optimal visibility and enjoyment of the surroundings. The Lagoon 52 F is designed for both

performance and comfort, making it a great option for both cruising and racing.
