# Colvic Victor 34

## Broker Remarks

**Domino is a nice boat but has not been used much in recent years and as a result requires a reasonable amount of work to bring back into full commission and is priced to take account of this.** Domino is a Ketch Rigged Colvic Victor 34 built around 1983. The Victors were built as displacement motor sailors with a powerful hull that outperformed most other motor sailors on the market. Offering a great mix of sailing ability with comfort and ease of handling this boat is a great option for anyone wanting to sail in the UK.

She has a long keel fitted with beaching legs so is able to take the ground as required. The current owner has spent a lot of time upgrading the interior cabinetry to a better standard than originally fitted.

In the cockpit there is plenty of seating with a wheel on a central binnacle, inside the upper wheelhouse there is plenty of seating, a large chart table and the helm station to Port. There is a large opening coachroof hatch and opening side windows to get good ventilation when the conditions allow.

## Yacht Image Yacht Image

The lower cabin includes a galley to port, V-Berth forward and a substantial head to starboard.

A desirable motor sailor looking for her new owner and next adventure.

Part Exchange Considered and Finance Available
