## Remarks :

Dino is an extremely clean fin keel example of a meticulously well maintained Moody 31, Mk2. She has been very well maintained and upgraded by her owner, and is in a ready to sail condition.

She benefits from a variety of upgrades, including an impressive Raymarine Package, brand new electric anchor windlass and brand new holding tank installation.

Being the fin keel version she offers superior sailing performance over the bilge keel alternatives. Perfect to sail single handed or with a family crew.

Below decks she is well finished with teak woodwork, a good size galley, chart table, saloon, heads and two cabins. Her forward V berth converts from two singles into a double. She benefits from a full cockpit enclose, which is ideal for wet UK winters. It gives excellent extended living space, and shelter when not underway.

Currently lay afloat in Milford Marina, Pembrokeshire and ready for viewing. Moody's of this standard don't come up very often - so viewing is highly recommended with Network Yacht Brokers Milford Haven, Call on 01646 278270, WhatsApp 07709 095683 or email milford@yachts.co
