Centurion Ri245

Broker Remarks

The Ri245 hits the sweet spot for advanced wave and wake sports enthusiasts with a 24.5' powerhouse that excels in performance and comfort. Offering up to 5650 pounds of ballast in a luxuriously appointed vessel that accommodates up to 16 people, the Ri245 is both a performance powerhouse and a comfy ride. With ballast distributed in seven separate locations throughout the boat, the Ri245 rides level, even when fully loaded and towing a rider. Drivers will appreciate the horizon level view from their seat, while riders will be thrilled with the long, pushy waves created by the level attitude. The new Captive Touch Side by Side High-Definition Dash System enables instant control. The available Predator Power Tower (PPT) adds more refinement to make life better for water sports boaters with its fixed bimini to provide shade and an array of racks for specific equipment. Set the mood with your choice of exceptional sound systems including the all new SurroundFire Sound System by Roswell.
