NEW LISTING FOR NYB ANTIBES

MORE INFO TO COME

Innovative streamlining and extraordinary elegance. Total comfort, enhanced by amazing versatility. A unique sporting design magnified by refined, spacious interiors. This is the Pershing 50', the new expression of the Next Generation.

****Motorized by 2 x Man Diesel Engines V8 800 CRM
TOT 1600hp 1200hrs****

This **Pershing 50** has Shaft Drive System.

The shaft drive system in a **Pershing** yacht provides great durability compared to traditional alternatives like outboard drives or sterndrive systems. With fewer moving parts exposed to the harsh marine environment, the shaft drive reduces the risk of wear and tear, leading to lower maintenance costs and longer service intervals. Shaft drives are designed to minimize the transmission of noise and vibrations from the engine to the hull. Another significant advantage of the shaft drive system is its potential for improved fuel efficiency.
