Construction

Designer -David Thomas

Builder - Marine Projects Plymouth

Remarks :

The Sigma 36, crafted by renowned yacht designer David Thomas, builds on the success of the Sigma 33, offering more spacious accommodation while preserving its cruiser-racer spirit. With a large double aft berth, wider beam, and added length, the Sigma 36 is perfect for extended cruising and represents excellent value.

This well-maintained 1984 model has benefited from careful ownership, featuring an extensive sail wardrobe, standing rigging renewed in 2015, upgraded primary winches, AIS and more. Read on for full details, and get in touch to arrange a viewing.

Pre Purchase and condition survey 2022 available on request.

More photos and video walkthrough available soon.
