Possible Part exchange

Accommodation

2 single berths
1 cabin
1 head (sea toilet)
2 burner gas cooker/stove

Remarks :

Wilma Jane is a great example of this Aquabell Trojan , she is offered for sale in very good condition and has had little use. very well maintained Volvo D6 diesel engine. Built by Goodchild Marine, the Aquabell Trojan is a semi-displacement work boat designed to carry 12 passengers and 2 crew. This makes her ideal for Tuna fishing parties, diving , service work for wind farms, rigs or bridge construction. Used privately with the occasional commercial charter and is presented in excellent order. Part exchange considered.
