#### **Remarks :**

The new Jeanneau Sun Odyssey 410 is designed by naval architects Philippe Briand and Marc Lombard, with contributing designer Jean-Marc Piaton, to revolutionise performance and comfort in its category. This model is particularly secure, featuring side decks without obstacles, shoal fin keel (1.6M/5'2") and comfortable coamings; while centralised winches, which can be controlled directly from the cockpit, also contribute to safety on board. The Jeanneau Sun Odyssey 410 also benefits from all the latest advances in technology combined with features such as:

- A hard chine running the full length of the hull for a more powerful and stable hull
- An inverted bow for fine entry, better weight distribution and a distinctive look
- A bow that stands clear of the water for less drag and greater speed
- Self-aligning rudders with self-aligning bearings for an improved feel on the helm
- A powerful retractable bow thruster for greater manoeuvrability
- Cathedral standing rigging with walk around decks for ease of movement

- An integrated bowsprit
- Lower boom to facilitate access and increase sail area
- Yanmar new generation JH-Common Rail Series 45HP engine
- In mast furling main sail
- Shoal draft keel
