Remarks :

CORNISH SHRIMPER 21- Built May 2015. Cream GRP hull, copper coated.

The Cornish Shrimper 21 is the most modern boat in the range, designed to enhance all the magic that the Shrimper series offers with a continued focus on a classic finish and build quality yet offering more space and some new features.

With a LOA of 24'10" including bowsprit (Length on Deck 20'11") and a maximum draught of 1.35m, the lifting rudder plate and centre plate give a shallow 0.6m draught making her ideal for both cruising and exploring inshore waters. Drying moorings are also easily accessible keeping running costs to a minimum.

The rig is optimised to make the boat easy to prepare for launching, and uses a clever pivoting bowsprit making mast-lifting straight forward and safe. The very simple track and strap mainsail attachments also streamline the rigging process.

Unusually for a boat of this size the standard boat features a Yanmar 9HP inboard diesel. This sets her apart from the other trailer sailors on the market.

The self draining cockpit is well protected with high coamings and has room for up to 6 adults. Spacious cockpit lockers to port and starboard offer dedicated battery, water and gas storage.

Below deck the accommodation is satisfyingly generous including a well appointed galley with a double gas burner and fully plumbed sink. A full size V berth is easily accessible from the saloon with 2 full length settee berths extending under the cockpit. A sea toilet is fitted on this boat under the forward berth.

One of a very few second hand Cornish Shrimper 21s that are for sale. A super example.
