The Bay Cruiser's designer and builder built this 23 as the biggest boat the average family might want to tow for a week's holiday or consider taking away for the weekend. Biggest advantage can be trailed behind a car winched on and off a trailer, with her water ballast. The technology makes the boat faster and fun to sail, she can also sit on a dry mooring. She also has a beautifully spacious cockpit, the seats are a good 2.4M (8') long and even allowing for the length of tiller, three people can sit on the high side. A boat not to miss, be seen in this pretty trailer sailer.

Accommodation
