2-burner stove with oven and stainless steel protection rail  
185L fridge compartment with storage baskets and top access, 12v compressor  
White-lacquered upper storage cabinets with fiddles

## Remarks :

This Jeanneau 41DS includes all the features you would expect to find in her larger cousins - this high spec boat has a massive inventory and is ready to sail away. Shoal draft, in-mast furling, davits, full compliment of instruments, solar panels, bimini, cockpit cushions, copper coated hull, radar, inverter and lots more...

This model benefits from the 360 Joystick manoeuvring propulsion system which rotates the sail drive and operates the bow thruster at the same time to make even the smallest berths easy to manoeuvre into. Premiere, preference/commissioning packs which include a vast array of extras.

This wonderfully designed boat is reminiscent of all the features displayed on her larger stable mates, with a large aft stateroom, plenty of storage and living space and above all the quality and value you can always expect to find in a Jeanneau yacht.

Currently berthed in Chichester Marina afloat, she is well maintained and early viewing is recommended.

## **Owners Comments**

After taking delivery of the boat we sailed a couple of shake downs to France before setting off around the UK, (including Orkney), - probably the best sail of our lives. Domestically, she's comfortable to live in for lengthy spells. We then spent about three months sailing to the Canaries. Been in the Canaries for the last three/four years, where you may sail in shorts and T shirt all year round. We love the boat, but are now approaching our late seventies, and reluctantly have decided to down size to a Jeanneau Merry Fisher, and do a little week-ending and fishing in the English Channel.
