### **Disclaimer**

The Company offers the details of this vessel in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. A buyer should instruct his agents, or his surveyors, to investigate such details as the buyer desires validated. This vessel is offered subject to prior sale, price change, or withdrawal without notice.

## Accommodation

### **Accommodations**

The interior space is accessed via the large sliding perspex, beveled hatch which allows

light in even when closed. Down below there is a counter top on the Port side that houses a fresh water tap with stainless steel bowl, beneath which a 40l refrigerator is situated. On the starboard side there is a separate compartment that provides privacy for the heads compartment that accommodates the marine toilet which is coupled with a holding tank. This particular example also comes with the berth conversion kits that gives a hard backed cushion insert to make the V berth a large to provide a good sized sleeping area. This space is well ventilated as you have the opening forward facing porthole, this combined with the large sea vision style portholes make some a light and ventilated space.

## Engine

This boat will be rigged with the mighty Yamaha F300BETX (300hp) with Electric Shift which is a Fly by Wire system that gives its user a great experience with smooth shifting and tactile throttle response. This will be supplied with a s/steel bolt lock and YCOP Yamaha engine immobiliser as standard which can reduce insurance premiums.

## Remarks :

The Jeanneau Cap Camarat 7.5 WA Series 3 is a great alternative to a RIB of similar

length because she is more spacious, has a higher freeboard keeping you dry, provides flexible and social space around a table and gives you modest overnight accommodation to make cruising a real possibility. This is an extremely versatile boat that is family friendly with its high guard rails and walk around decks making it safe for all aboard. This model also benefits from having lifting sun beds on the bow, electric windlass, marine toilet complete with holding tank and a cabin for overnighting or sheltering from the weather.

This particular example is in stock now and is well equipped with: a white hull, Yamaha 300hp fly by wire engine, bow thruster, swim platforms, cockpit table, premier pack, double berth conversion, opening deck hatch, sea toilet with holding tank, ski arch, Garmin plotter, electric anchor windlass, fridge, mooring and anchoring kit to name but a few of the options on this boat.
