### Remarks:

The Cap Camarat 7.5 WA series 3 is the latest generation of this ever popular model. Based on a Michael Peters designed hull she boasts a sporty and dynamic design whilst maintaining a level of comfort and practicality. Featuring a large cockpit area for socialising, a forward sun pad, double v berth and separate heads compartment she is ideal as a day boat or as a weekender. Arriving in August 2022 please call us on 01243 550042 for more

White console cover

Bolster seats cover

## Accommodation

### **Accommodations**

The interior space is accessed via the large sliding perspex, beveled hatch which allows

light in even when closed. Down below there is a counter top on the Port side that houses a fresh water tap with stainless steel bowl, beneath which a 40l refrigerator is situated. On the starboard side there is a separate compartment that provides privacy for the heads compartment that accommodates the marine toilet which is coupled with a holding tank. This particular example also comes with the berth conversion kits that gives a hard backed cushion insert to make the V berth a large to provide a good sized sleeping area. This space is well ventilated as you have the opening forward facing porthole, this combined with the large sea vision style portholes make some a light and ventilated space.

## Engine

This boat will be rigged with the mighty Yamaha F300BETX (300hp) with Electric Shift which is a Fly by Wire system that gives its user a great experience with smooth shifting and tactile throttle response. This will be supplied with a s/steel bolt lock and YCOP Yamaha engine immobiliser as standard which can reduce insurance premiums.

## Remarks :

The Jeanneau Cap Camarat 7.5 WA Series 3 is a great alternative to a RIB of similar length because she is more spacious, has a higher freeboard keeping you dry, provides flexible and social space around a table and gives you modest overnight accommodation to make cruising a real possibility. This is an extremely versatile boat that is family friendly with its high guard rails and walk around decks making it safe for all aboard. This model also benefits from having lifting sun beds on the bow, electric windlass, marine toilet complete with holding tank and a cabin for overnighting or sheltering from the weather.

This particular example will be arriving in August 2022 and is well equipped with: a white hull, Yamaha 300hp fly by wire engine, bow thruster, swim platforms, upgraded teak cockpit table, premier pack, double berth conversion, opening deck hatch, sea toilet with holding tank, ski arch, upgraded Garmin plotter, electric anchor windlass, fridge, mooring and anchoring kit to name but a few of the options on this boat.
