Successor to the Sun Odyssey 349, a tremendous success, this efficient, easy-to-handle cruising sailboat features clever innovations for the comfort of all on board and for the pleasure of sailing. The Sun Odyssey 350 features a distinctive, contemporary silhouette. Her bow stands clear of the waterline, facilitating docking manoeuvres and handling in light wind. High-performance and responsive at the helm, she is distinguished from her predecessor by innovation to further improve quality of life in the cockpit. Walkaround sidedecks facilitate handling and ease of movement. With this clever layout, there are no obstacles to interrupt the flow of movement on board. The helmsperson benefits from enhanced comfort and better forward visibility due to off-centred aft helms with twin steering wheels.

For superb cruises with family, this sailboat features a welcoming saloon with a contemporary design. Interior living spaces are bathed in light, streaming through wide windows in the hull and coachroof. In the evening, indirect lighting contributes to a warm, serene atmosphere on board. With standing headroom of over 1.85 metres throughout, the saloon and cabins feel spacious and inviting. Aboard the Sun Odyssey 350, pursue your passion for the sea and sea spray with greater well-being and peace of mind.
