This new model perfectly represents the DB Yachts line, upholding the core principles that made the DB/43 a success. The deck plan privileges exterior space and easy movement on board, and while at anchor, side terraces can extend the cockpit toward the sea.

The interior of the DB/37 fulfils all the promises of the DB Yachts line, with refined touches, fine materials, thoughtful details, and a warm atmosphere, all enhanced by natural lighting diffused through vast windows in the hull.

She comes equipped with Twin Volvo D4-320 Diesel inboard engines and a high specification which includes a bow thruster, automatic zipwake trim tabs, bow thruster, Fusion stereo system, upgraded Raymarine electronics pack and more.

Available to order for 2024 with a final specification deadline 3 months before delivery so there is plenty of time to discuss this boat with us and amend her specification to tailor the boat to your exact requirements.
