Fisher Fisher 31

Broker Remarks

The Fisher range is well known for its sturdy build and ability to go anywhere in whatever weather. At the same time as keeping the crew dry safe and of course happy. 'Wildside' has been extremely well looked after and updated by her present owners of 14 years. Substantially refitted in 2001 when her engine was completely rebuilt, her standing and running rigging was replaced in 2011 and she is in generally fine order. Her engine is professionally serviced annually, she had a new cutlass bearing in 2011 and two new batteries in 2014. She comes with a Avon Redcrest inflatable and many other extras.

Designed by Gordon Wyatt and built by Fairways Marine and finished by Northshore Marine she is a quality motor sailor. The designers were very keen to produce a yacht that both motored and sailed well and this they achieved. Her hull design with a soft entry, 2.91 beam giving buoyancy and her canoe stern to avoid broaching has made the Fisher 31 a seaworthy passage maker.

She has dual helm positions for the best of both worlds. Her pilot house has large windows and a Lewmar hatch. All lines lead back to the cockpit so single hand or short handed sailing is safe and easy.

'Wildside' has a practical galley with an oven with two burners and grill. Her heads has a sink vanity unit and Hot Shower and with the Wallis heater she is extremely comfortable for longer trips away from

marinas. Additional equipment such as an electric windlas, GPS plotter and auto helm also mean she is an easy ,comfortable and safe passage maker.

She is available for viewing in Lymington, Hampshire.

Accommodation

The Fisher 31 provides extremely comfortable living accommodation for the longest cruises, The Forward V berth has full head height , a full size hanging wardrobe and vanity unit and storage under the berths. The high quality joinery give it a warm feel. The hatch and two side port holes make it bright and airy.

The saloon has a large dining table which converts to a double. The galley has a cold box ,Nelson cooker and Hot and cold water,also plenty of dry storage. The Heads has a fold away sink and hot and cold shower head.

The cockpit has two berths a table ,chart table and shelf as well as a large storage locker.

The cockpit has teak boards three lockers and an outside helm position with tiller.
