Accommodation

This Southerly 42 RST can sleep 9. The forward cabin has a v berth with a fill in which makes it into a double . The headroom is 6ft 4 and the berth is 7 feet long ,it has a hanging berth which is popular with children. There are two large cupboards and a large hatch for light and ventilation. Forward on the port side is a double berth cabin with bunk beds again there is a large hanging wardrobe cupboard. The washing machine is located here. Next to the forward two cabins is a large heads, with its own holding tank, hot water shower, and vanity unit. The surfaces are Corian, It has a hatch for ventilation and a Seasmart sanitiser unit fitted to the sea toilet. The linear galley is very well-equipped with twin sinks , three-burner oven and grill. The refrigerator is large and front opening. There is plenty of workspace and storage. The large raised saloon is very light and airy with panoramic views from the large tinted windows. The dining table has a hydraulic system which makes it very easy to lower and makes a large double berth. The chart table is raised giving very good visibility, sited amidships and is forward facing. There is a large plotter, VHF and and full instrumentation. The main aft cabin is spacious with a central line double berth it's own on suite large heads with shower, sink , Seasmart sanitiser and vanity unit. There is plenty of storage and hanging space.

Remarks :

'Dofesaba' is an good example of the Southerly 42 RST blue water cruising yacht. She has been well maintained and upgraded by the present owner. She is now available with a very complete cruising specification and is in fair order throughout.

The Southerly 42 RST was built to a very high standard and has earned a great reputation for its luxury fit-out and its impressive build quality. She can sleep up to nine people in comfort. The rear owner's cabin is enormous with a central bed, en-suite large heads and

plenty of storage.

The raised saloon is extremely light and airy with large windows which give panoramic views. The interior joinery is American maple which gives a high-quality modern feel. Southerly's unique lift keel design gives a draft of just .84m when up, which allows the yacht to explore the shallowest of harbours, estuaries, rivers and canals. In fact, Dofesaba has been through the Canal du Midi to the Mediterranean. She is also designed to safely dry out.

At the touch of a button, the keel can be lowered giving a very deep draft of 2.72m which makes for fast and serious blue water cruising.

She is easily sailed short-handed having in-mast reefing, furling genoa, auto helm and of course a bow thruster.

She has a sociable cockpit layout with a large folding table and is perfect for entertaining. Her full cockpit tent provides a great living space when the weather does not co-operate. The Southerly 42 RST is one of the most comfortable, safe and easily sailed blue water cruising yachts available.

Dofesaba is absolutely ready to go either across to the Caribbean, down to the Med or to explore the British coastline.

She can be viewed 7 days a week.

Please call Howard Ross on 07590 847548 for more information and to arrange a viewing.
