Remarks :

We are pleased to offer for sale this Coaster 33, a long keel displacement ketch cruiser moulded in Robert Ives in 1979. The type was built for over 20 years and Creeksea Robin is a very fine example having been well looked after by her owner.

Ketch rigged with a long keel she is very well suited to cruising in most areas. Her internal joinery is beautifully finished in teak throughout which is also in very good condition.

Part Exchange Considered and Finance Available.
