Remarks :

We're pleased to present this Beneteau Antares 10.80 to the market, she is a very well presented example and has been cared for to a high standard by the current owner.

On decks she offers a large and versatile cockpit, large bow area and good flybridge with easy walk around access to both sides of the pilothouse.

In the cabin there is a seating area to port with a galley and helm station to starboard, forward there is a master cabin with island double berth and twin cabin to port. The

starboard side encloses a large heads with electric sea toilet.

Powered by the Kamd44 inboards with electronic throttle upgrades she is easy and straightforward to handle in the marina and will cruise around 20 knots underway.

She is well looked after, recently cleaned and polished – ready to go for the season ahead.

Part Exchange Considered and Finance Available.
