Storage Locker under sink

Shelf

Remarks :

'Sue Too' is a lovely example of the ever popular Sealine 260 sports cruiser, built in 1993 with inboard Volvo Petrol Engines she has been well maintained and looked after by her owners.

She has had an engine service in 2021 including the outdrives and has had very little use so is now ready to go for the new season.

With a great layout there are two forward facing seats in the cockpit and a large I-shaped seating area aft, in the cabin there is a double berth forward with another double aft. A sizable heads and a galley with a stove, fridge and oven make up the rest of the cabin.

The cockpit is covered by a full enclosure in good condition allowing extra space to relax, on the bows there is an electric anchor windlass to make deploying and recovering the anchor straightforward.

A great boat that we would recommend viewing.

Part Exchange Considered and Finance Available.

Bottom and Outdrives Washed June 2022

Engine Service August 2021

Outdrive Service August 2021

Antifouled May 2021
