Remarks :

We're pleased to offer to the market 'Leo 1', a Suffolk 32 fishing boat. It is an excellent sea going fishing boat which will easily fit up to 8 people. Previously it has done charter fishing and could be reequipped for this purpose if desired.

It could also be converted to a small ferry or commercial fishing boat.

Powered by a Perkins Sabre M215c inboard engine on a shaft drive she has a high rise bow to keep her deck drier in heavier weather and a good size wheelhouse with stove that would comfortably enclose crew and passengers out of the elements if required.

A lot of boat for the money.

Serviced September 2022

Anodes Changed October 2022

Antifouled October 2022
