**Remarks :**

Fairline Turbo 36 built by Fairline Boats and designed by Bernard Olesinski. White GRP planing hull, superstructure and deck. Stainless steel radar arch. Flybridge with separate swivel helm and navigator seats and L-shaped area. The Fairline Turbo 36 was ahead of its time when first built and they are renowned for their great handling and performance. A recent 2015 survey is available on request, she is only for sale as her owner moved from sail to power and has decided she is larger than they now need. She is suitably priced for a quick sale.

A lot of work has been done on the boat and some modernisation as well as maintenance and engine services.
