Construction, Mechanical and Rigging

Construction:

Broom 450 built by C.J Broom & Son in 2006 to a John Bennett design.

HIN: GBBRO45020F606

Semi-Displacement hull

GRP hull, deck and superstructure

The hull is a development of the Broom Offshore marque, refined and perfected over thirty years. The hull and superstructure mouldings are of excellent quality and are produced using hand laid, chopped strand mat and woven roving's in Lloyds approved isophthalic gel coat and resin, over double brushed isophthalic gel coat all but eliminating the risk of osmosis. Substantial transverse and longitudinal stringers are incorporated throughout the hull for strength. The hull and deck joint is both riveted and bonded.

Mechanical:

Powered by twin Volvo Penta D9 6-Cylinder 500hp diesel engines, complete with up-rated ZF gearboxes, stainless steel shafts (Rope cutters) with bronze five-blade propellers.

Volvo Penta Geartronic controls

Accommodation

Internal Layout

6 Berths in 3 cabins comprising of Forward cabin, mid-ship, and owner's aft cabin.

Forward Cabin has a double berth, wardrobe lockers, drawers and escape hatch.

En-suite heads to port to include a separate shower compartment, electric sea/fresh water toilet. Also used as the 'day' heads.

Mid Cabin to starboard with two single berths (Bunk Bed).

Galley located to port with 4 ring ceramic hob, combi-microwave, 2 x stainless steel sinks, hot cold mixer tap, fridge (second one in saloon), freezer, extractor fan, and excellent stowage.

Saloon located in the centre of craft with curved settee to port with low level table, and settee to starboard providing dining for 6 people on a larger table. Leather upholstery, Light cherry wood interior.

Aft Cabin has a very large double berth with en-suite sea/fresh water electric toilet and separate shower also providing large wardrobe and storage units.

Heating/Air-conditioning units in the aft cabin, saloon and forward cabins, all independently controlled.

Deck Layout

The 450 deck layout has been designed to make more use of the aft deck for both in-harbour living and cruising comfort. The transom seating surrounds the table to provide plenty of scope for enjoying the outdoor life. There is good access to the bathing platform with built-in steps each side of the boat. The aft sundeck, transom steps and bathing platform have decking for appearance and safety.

Remarks :

'Bobbies Girl', a rare and well sought after Broom 450 which is presented in excellent condition throughout and been updated to a very high quality. Built in 2006 and still with its first owner, she is equipped to a very high standard and affords an extensive specification to include air-conditioning, heating, full Raymarine Navigation suite plus much more. Receipts and manuals available for every item on board. Powered by twin Volvo D9 500hp Diesel engines complete with the up-rated ZF gearboxes, this Broom 450 will give you the opportunity to cruise at a very comfortable speed with ease and confidence.

On the images you will find three large folders all of which contain every update and invoice the boat has ever had, this shows the extent of money and effort which has been pumped into her. A real unique example of a Broom 450. Lying Conwy Marina.
