Accommodation

Accommodation

As you enter Mrs Ben you are hit by an interior that feels much larger than a 32 ft vessel. The saloon area feels modern and spacious as well as a large area for more seating or storage to your starboard. Further towards the bow you are met with the spacious galley area full of storage and all the equipment you need. The heads are again very spacious with a very smart idea from Silverton for the cabin spaces, with a bunk bed cabin and diagonal main cabin with a double bed.

6 berths
2 cabins
Galley area containing fridge, freezer, sink and Microwave

Heads containing Jabsco toilet and hand basin
Vast amounts of storage
TV
Kenwood speakers
Holding tank
Electronic panel heating from shore power

Remarks :

We present a rare Silverton 312 Sedan, built in America, by what I must say, genius designers. The boat feels much larger than the size it is with a spacious feel to the interior. The boat is a flybridge vessel with the helm located in the flybridge itself, thus making it easy to handle for any novices. The boat has recently been fitted with two brand NEW engines with only 10 hours on the clock. Lying Conwy Marina.
