**Quarter berth/Chart table:**

Quarter berth positioned to starboard  
lee board for the single berth  
Removable chart table (linear)  
Locker and switch panel  
Drawers under the quarter berth

**Remarks :**

Hallberg Rassy is known far and wide for the sturdy construction, superb craftsmanship and signature seaworthiness, these easy to handle Germán Frers designed models are globally respected for their elegant lines and spirited performance throughout the range. This is apparent in one of the smallest models of their range, the Hallberg Rassy 29. The Rassy 29 is a pocket blue water cruiser that is capable of serious ocean-going adventures. This particular Hallberg Rassy 29 has been excellently maintained and upgraded throughout her lifetime; she has all the modern luxuries such as hot and cold pressurised water, cabin heating, refrigerator and benefits from being re-engined in 2002 with a Volvo MD 2020 which has only 800 hours. The other significant benefit of this yacht is that she NEVER! had teak laid decks from new, hence there is no old teak deck or caulking to replace. If you are searching for a good example, then you should undoubtedly be viewing this boat!
