Remarks :

This Cornish Crabbers Clam 19 is a fantastic little boat, she is slightly unusual as you usually associate Cornish Crabber with their traditional sailing boats, but they have branched out into the motorboat industry with their range of Cornish Crabbers Clam. They have three boats in this range starting with a 17, 19 and 21. This particular boat is the Clam 19 and the wheelhouse version, these start from new at £39,950 from new. This Cornish Crabbers Clam 19 wheelhouse was new in 2015 and has been very lightly used, she has extremely low engine hours and has just been serviced and winterised in October 2018. The boat comes with a nearly new combination road trailer and launching/yard trolley which makes storing this boat easy as she can be recovered and stored in a trailer park in a boatyard or on your driveway.
The Cornish Crabber Clam 19 will be the perfect river and estuary boat she would be perfect for that riverside property with a mooring at the bottom of the garden, she is seaworthy and competes with the likes of Plymouth Pilot.
If you want one of these rare boats at a fraction of the price as a new order, then this should certainly be on your list of boats to view.
