Mechanical and Rigging

Construction:

The hull was moulded circa 1980

The hull design was by Russell Anstey and Kim Holman

The design owes its heritage to the respected sea-keeping qualities of the Folkboat

Hull and topsides are in GRP

Teak laid deck and coachroof

The cockpit is well protected from the weather and self-draining

Traditional encapsulated long keel, with lead ballast

Hull stripped back and epoxy coated in 2016

Underwater and topside coatings are the Hempel antifoul and paint system

Tiller steering

New rudder bearings 2015

Seajet antifouling below the waterline

SSR05271

Jabsco manual foot pump to S/S sink

Gimballed Plastimo Neptune 4500 Stove with hob, grill and oven (NEW 2016)

Under counter storage
Locker storage below

Remarks :

Brokers Remarks:

The Rustler 31 is a classic, she has elegant lines and is a proven seagoing vessel. She has an encapsulated long keel with a high ballast ratio and heavy displacement, she is perfect for long-distance sailing as she will tackle most sea conditions comfortably.

This Rustler 31 has been well cared for, the owner has maintained her to a good standard, she had the engine professionally rebuilt in 2016

Owners Remarks:

This Rustler 31 was under one owner until 2011 when she was purchased by myself the current owner and brought back from the River Exe to Plymouth Sound. Considerable upgrade work has been undertaken but there is still some work to do to finish her off. The boat is designed for long-distance cruising when access to mains electricity would be limited.
